

WELCOME, HUNTERS!

Guns will be banging Saturday

Deer season (and quail) opens in Medina County Saturday morning and from all reports there are plenty of fat, sleek deer for hunters to shoot at. It is estimated that approximately 750,000 acres are leased for hunting this year and by the time the last hammer clicks on a shell the area economy is expected to be more than \$2,000,000 better off.

Expected to add to the shooting this year was the issuance of about 970 doe permits to landowners. Hunters will be welcomed to area on November 25 by the annual Wild Game Dinner sponsored by the Hondo Chamber of Commerce at Hondo City Park. (Photo Courtesy of Ben Wiemers)

REALLY BIG WEEKENDS

... don't come around too often in Hondo, but you can brace yourself for one this coming weekend!

First, it's HUNTING SEASON (and I use capital letters because it is a big time of year). Really, this should be enough happening, since the guns will begin popping over the county early, early Saturday morning if the weatherman cooperates even a little bit.

But, here comes a second biggie! For the first time in history Hondo High School will host the annual Region XI Marching Contest. And if you don't think this is a big event just try counting those 1642 band students (all in uniform) who will be here. No doubt, there will be a few mamas and papas and just a few extra students tagging along, too.

Hold it! That's not all. The second annual Pre-Christmas Sale being sponsored by the Hondo Merchants Association will hold forth Thursday, Friday and Saturday. Some \$400 in cash certificate prizes, plus many, many bargains on all types of items, will bring in customers from miles around.

Throw them all together--hunters, band students and customers--and Hondo should have the biggest weekend it has enjoyed in a long, long time.

WHE-E-E-E-E is all I can say.

HELP WILL BE

... needed December 1 from businessmen and other individuals who are interested in building the Hondo Chamber of Commerce.

That is a Friday and at 7 a.m. that morning we will gather in the Frontier Restaurant to kickoff a one-day membership drive.

Teams of two workers will take no more than six cards and contact them on that date. Jim Fridle of Radio Station KRME will give an hourly report on the progress of the teams, and prizes will be given the first three teams to complete their lists.

If you want to help, or if you want to send some of your employees, then call Mrs. Lillian Porter at the Chamber office--426-2015--and she'll put you down.

One businessman has already told me, "No way! I'm out of the store enough. My boss will blow his top."

My answer was, "Tell your boss to come over and work the store while you help build the organization that is helping build the town."

Our town has a great potential to grow.

Herald to print early next week, deadline set

The Thanksgiving Day issue of the Hondo Anvil Herald will go to press one day early next week, Publisher Burnis Lawrence announced.

"We will print on Tuesday and mail our papers on Wednesday, November 22," Lawrence said.

This means deadlines for both copy and advertising will be set up one day earlier. Deadline for all material will be 5 p.m. Monday, November 20.

Community plans joint services

Community Thanksgiving Services are being planned for Hondo on November 22.

Services will be held in the Methodist Church at 7:30 p.m. on that date, with the Rev. A. M. Hannemann, pastor of St. Paul Lutheran Church, bringing the Thanksgiving sermon.

Bob Peden will direct the

combined choir and lead the congregational singing.

"This annual community service has become an important event in the life of the community with most churches participating," a spokesman said. "All citizens are invited to join in the Thanksgiving of this service."

FM road approved

Designation of a new Farm-To-Market Road in Medina County was approved Monday through a Minute Order by the Commissioner's Court.

The road, extending from the end of FM 2676 4.3 miles NE of FM 389 NE a distance of approximately 2.0 miles, will cost approximately \$148,600 for construction. The County will provide all rights-of-way.

Approval also was given Monday for a direct telephone line from Devine to the Medina County Sheriff's Office in Hondo.

A delegation from Castroville-Rio Medina area appeared before the Court to request markers and reflectors at bridges and more officers to patrol county roads in that

area for protection. Commissioner Hilmer Mangold promised to install markers and reflectors.

The Court heard a committee from the Hondo Library Board requesting a share of the Revenue Sharing money coming to the County. Judge Jerome Decker told the committee that no details have been made available to the County, but when they were and the money was available the libraries in the county would be considered.

Pre-Christmas Sale planned in Hondo

Customers will be king in Hondo this weekend as the Hondo Merchants Association rolls out the savings carpet in their second annual Pre-Christmas Sale Thursday, Friday and Saturday.

In addition to many extra ordinary buys, more than \$400 will be given away in cash certificates, with the drawing slated for approximately 4:30 p.m. Saturday at Radio Station KRME. These prizes, which can be redeemed ONLY at participating merchants, will be in these amounts: \$100, \$100, \$50, \$30, \$20, \$20 and additional \$10 prizes.

Registration slips are available at each participating store and there is nothing to buy. However, persons under 16-years-old cannot register; each registrant can register only once per time in each store (no one can register for an entire family); and employees of participating merchants cannot register in their own business.

Participating businesses include: DeMontel's, Alamo Lumber Co., Fohn's White Auto Store, Jones Shoe Store, Sunset Grocery, Tapia's Grocery, Richard's World of Bargains, Winn's, Dan's Drug. Also, Bingo Auto Parts,

Pedestrian killed

An 86-year old Hondo man was killed Thursday night when struck by a car on 14th Street. Pronounced dead on arrival at the local hospital was Feliciano Garcia of 1209 Avenue S, Hondo.

Authorities said Garcia apparently died of severe head injuries suffered in the accident as he crossed the street in the 1600 block of 14th

Street. Police identified the driver of the car as Louis Carrillo, 20, of Yancey. Authorities said Carrillo was not charged with any criminal act in connection with the accident.

The death was the fourth to be recorded within the city during 1972.

Letters from the mailbox

Chamber of Commerce
Dear Mrs. Porter:
We want to thank you for contacting Mrs. Bruno Schweers last Monday morning for us in order to purchase some pecans to take back with us. They are very good and we are happy to have them.
Would you be kind enough to mail me three or four of the Map of Medina County including the Medina Lake area and also a map of the City of Hondo. I have several folks here who would like one of these as they do visit in this area. They indicated that they wished they had the map. Had I known this at the time we were in your office, I'd have taken a few extra ones along. It is the one with the Hondo National Bank picture on it.
We enjoyed our visit in Hondo as we always do and

are looking forward to the day we will return there to live in our home probably some time after the first of the year.
Thank you and kindest regards from us both.
Sincerely yours,

...
Dear Mr. Lawrence:
Please excuse a hurried

letter to one whose help has mattered so much.
But it seems the end of a campaign is just as rushed as the beginning and the middle -- and this headquarters will be closed before we could express our full thanks to all the publishers and editors who supported President Nixon's re-election campaign in Texas.
There were, we're happy to say, many newspapers who agreed that Richard Nixon deserved another term -- especially in view of the alternative.
The reasons weren't the same, of course; there'd be no use for editorial pages if everyone thought the same way.
Naturally, we liked them all, large and small, for the simple fact that we thought the advocacies were in the best interest of our nation. And we're firm believers in advocacy by editors; even those who stand against us. It is as much a part of America's greatness as the right to know what's going on -- and the right to vote, itself.
We just happen to think your editorial stand was correct, and we want to tell you so.
Thanks for having the courage to take a stand in a matter so important for our country. And for taking the one you did.
Sincerely,
Erik Jonsson

WANTA GIVE

. . . an unusual, or least out of the ordinary, Christmas gift this year? Why not Museum plates and historical sketches.
The sketch package contains eight Medina County sites sketched by Mrs. Fred Bader and her son, Jon. The price with envelopes is only 50 cents this Saturday. And the Museum plate, with a colored picture of the old SP depot will sell for only \$3.00.
Tables, to be manned by Museum directors and Garden Club members, will be located at Hondo National Bank, Dan's Drug-Nester's, HEB, Leinweber's, and The Drug Shoppe.
At Leinweber's, during the Pre-Christmas sale, Ralph Hauger also will give five of these beautiful plates away to some lucky customer. Names will be drawn Friday and Saturday.

Write-in candidates get votes

Although American Party candidates for president and vice president, John Schmitz and Tom Anderson, respectively, were write-in candidates in the Nov. 7 election, most returns failed to carry their votes.
That was the case in Medina County.

However, a check with County Clerk Henry Schulte reveals the candidates pulled 79 votes.

A breakdown shows: Precinct 1, NE Hondo--5; Precinct 3, Dunlay--5; D'Hanis, 2; Natalia, 4; E. Devine, 3; Yancey, 4; SE Hondo, 28; NW Hondo, 1; and SW Hondo, 27.

Burglars

Burglars took over \$400 in tools, cash and stamps from the Hondo Implement Company late Thursday night or early Friday morning.

The burglary was discovered shortly after eight o'clock Friday morning as the firm opened for business.

Missing was \$7 in eight cent stamps, \$30 in cash from a cash drawer and tools valued at \$395.

Police said the intruders left an additional \$15 in the cash drawer.

Entry to the building was made through a side door which was forced open after the intruders apparently scaled a fence.

Police search for auto

Sheriff's officers and Highway Patrolmen are still searching for an automobile stolen Thursday noon in Hondo.

Victim of the rush-hour

theft at a local restaurant was Joe Fohn, an Anvil Herald employee. While he was inside eating lunch, his 1968 Ford was taken from its parking spot alongside the restaurant.

The theft was discovered minutes later and word was sent out via police radio, but patrols on all major highways at Castroville, Uvalde, Pearsall and Bandera failed to turn up the auto.

Carter-Briscoe vows solemnized

Miss Debra Annette Carter and James Wayne Briscoe were united in matrimony Saturday, August 19, 1972, at 8 o'clock p.m. in a double-ring ceremony at the Lytle First Baptist Church.

The bride is the daughter of Mr. and Mrs. Charles F. Carter, Lytle. She is a 1972 graduate of Lytle High School. The groom is a 1968 graduate of Devine High School, and is now a senior at Texas A&I University in Kingsville. He is the son of Mr. and Mrs. George H. Briscoe, Devine. Presiding at the ceremony

was Rev. Bruce Stovall, pastor of the Lytle First Baptist Church.

Maid of honor was Miss Denise Wanjura of Lytle. Bridesmaids were Misses Dalees Fitzpatrick, Lolita; and Miss Vivian Carroll, Lytle.

Best man was John Harbison of Donna, Texas. Groomsmen were Denny Moore of Devine and Ray Briscoe, Three Rivers, the groom's brother.

Ushers were Kenny Sollock of Corpus Christi; Mark Alldridge, Von Ormy; Larry Carter, Lytle, brother of the

bride; and David Carter, Lytle, cousin of the bride.

The bride's father, Charles F. Carter, gave her away. She wore a floor-length gown of white lace, mantilla designed, with a square neckline, fitted waist and long lace sleeves with ruffled cuffs. A white satin bow accented the tiers of lace on the back of her dress. Her shoulder-length veil was fashioned of bridal illusion and satin. The bride carried a cascade of white orchids, yellow and white daisies and baby's breath.

The bridesmaids wore identical floor-length gowns of yellow voile with white daisies flocked in the material. Each was designed with empire waistlines, short flowing sleeves and a yellow satin ribbon around the bodice accentuating the bow in front. White floppy brimmed hats, with daisies on the brim, were their headpieces. Each carried a nosegay bouquet of yellow and white daisies, ivy and baby's breath.

The church was adorned with an arrangement of white

and yellow daisies, fern and baby's breath decorating the altar. Two candelabras, covered with fern and white daisies, were placed on each side of the flower arrangement while a memory candle was placed in front of the flower arrangement. The candles were lit by Michael Carter of Lytle, the bride's brother.

Music was provided by Allen Lott of Lytle. He played the nuptial music and accompanied Katie Hobbs in "Walk Hand in Hand", and "The Lord's Prayer".

A reception for the couple was held at the church fellowship hall. Miss Donna Carter of Lytle, cousin of the bride, registered the guests. A four-tiered wedding cake trimmed with yellow daisies was served by Miss Joan Canion of Lytle.

Punch was served by Miss Janielle Carroll, Lytle. The chocolate groom's cake was served by Miss Mary Mask and the coffee was served by Miss Cindy Galindo, also of Lytle. Mary Ann and Terri McAnelly of Pearsall, cousins of the groom, passed out the rice bags to the reception guests.

Following a wedding trip to Corpus Christi, the couple are now making their home at 614-1/2 W. Richard, Kingsville, Texas.

Saturday night is the grand finale of a two-game district season for the D'Hanis Cowboys. With a 6-6 tie two weeks ago at Medina, the Cowboys are still strong contenders for the title of District 14-B.

come outright champions in the district. A loss, of course, would eliminate the Cowboys and put the Angoras firmly at the top. Another tie would still give Rock-springs the district championship.

This year for the first time, Class B schools will have the opportunity to compete in State championship playoffs. In the past, the road for a Class B school has ended with a Regional championship, and no provision was made to determine the top "B" school in Texas.

Hopefully, the Cowboys will earn a chance Saturday night to become that first Class B champion. The road begins for all teams on the district level, and Saturday's battle should be a real show.

This week

All she wrote

by Edna McDade

Every Friday I greet the arrival of the weekly ANVIL HERALD which brings good news from a far country and is as cold waters to a thirsty soul, if I may transpose Proverbs XXIV:25 a bit.

Having been partly responsible for reporting the election returns for some years, I find new satisfaction in merely reading the final results. By this time, all the old political hatchets should be buried good and deep and let's hope we can all rest a spell before opposing factions start putting razor edges on any new ones.

Remember B. Franklin's comment of July 4, 1776? "We must all hang together, or assuredly we shall hang separately."

As weather goes, ours in this coastal area is still going beautifully, thank you.

Birds are known as harbingers of the changing seasons. I have added to my bird-ology the fact that seagulls which we seem to have with us always along the waterfront and overhead, stand facing southward in summer and northward as autumn approaches.

Probably only the seagulls know why. Highly classified information, and they're not squealing.

I am delighted to note Medina County Museum progress. And, I congratulate every dedicated worker.

Whatever did Hondo do before such energetic folks as DOROTHY (Mrs. O. M.) REDUS (to name one) joined forces with such dedicated dependables as SNOOKIE (Mrs. Fred) BADER (to name one, again). There are many more and their reward (which is all they ask) is in the doing. More power, and a community's grateful appreciation to each one of them.

Enthusiasm for the task seems to be spreading (it can be happily contagious) and, to add another cliché, the more the merrier -- and the sooner we can share in the pride of Mission Accomplished.

Ads, published and air-waved, are tempting the gullible with "Buy now-pay later" come-hithers. It might be well to pray now that one can pray later! Before Halloween, a full-page newspaper ad pictured Santa, dressed as a cowboy and astride a Thanksgiving turkey inviting folks to make Christmas gift lists now, buy for everyone on the list, and take until April to pay!

In the old days BCC (before credit cards) at least one Hondo store offered this sage suggestion: "All for cash and none for credit. Then will neither party dread it."

The late Mr. Gaines (father of PRESTON) had an old-fashioned glass motto which had hung in his hardware store for years. It reads "Cash means long friends." It was one of the items on sale when the store closed and I bought it. I shall continue to try to heed the advice.

One of my very newest and youngest friends is LECI (2), daughter of DARRYL and NANCY VOLKMAN MUENNINK, now of Corpus Christi, and granddaughter of CLARA (Mrs. Amandus) MUENNINK. I met Leci, by phone, last week when Clara called me. We exchanged waman-talk and my heart now belongs to Leci.

Her Daddy is a member of the Fire Dept. at the Naval Air Base -- on duty 24 hours and off the next 24. Her mother is a patient in Spohn Hospital here and many of you know about her.

Leci is spending some time with her grandmother just now. If Leci happens to read this, she will know that we are still "special friends".

I'd probably flunk a Polly Anna test but I did learn to count my many blessings--name-them-one-by-one, in the good old Methodist tradition. My arithmetic has never been very dependable but I have an adding machine that works and counts up to 9,999,999. Thanksgiving is just ahead.

And I have a good stock of adding machine tape on hand.

LOUISE (Mrs. W. L.) TAYLOR is one of the do-goodest do-gooders I know and she goes about her self-appointed tasks without benefit of fanfare.

A surprise gift came from her yesterday -- a lovely pillow, complete with pink cases (her favorite color) and a note.

The pillow "fits" my neck perfectly and makes even insomnia seem a pleasure so I can be the more aware of its comfort and my own appreciation.

Good management is secret of Chaparroso brush control

LAPRYOR--Brush control work must be followed by good management practices if it is to pay the proper dividend.

This was the opinion of several speakers at the South Texas Brush Control and Range Improvement Field Day staged recently at the Chaparroso Ranch near here.

The 65,000-acre Chaparroso Ranch, typical of mixed brush infestations in South Texas, is one of 10 long-term ranch locations where the Texas Agricultural Experiment Station and Texas Agricultural Extension Service of Texas A&M University conduct cooperative research and result demonstration trials. The overall objective of the studies is to improve the productivity and income derived from rangeland through the development of more effective and economical methods of controlling brush and other undesirable range plants. Also involved is the re-establishment and utilization of native and introduced range forage plants while maintaining a desirable wildlife habitat.

B. K. Johnson, owner of the Chaparroso Ranch, welcomed the approximately 600 visitors to the Brush Control Program. "To a greater or lesser degree, each person attending can successfully improve his land--but don't look for overnight success. The program comes in stages, and there are setbacks which must be anticipated," he cautioned.

Johnson said the main think is for everyone to have a plan, set some goals, then stay with the plan. "Also, it is important to work with people who believe the program will work. A few good rains also are important. And total financial control is another factor of importance, for everything here is on the computer."

Additionally, Johnson emphasized that "ranching is and must be a business--not a hobby".

W. J. (Dub) Waldrup, general manager of the Spade Ranch at Lubbock, emphasized the importance of the Brush Control and Range Improvement Association, saying that it serves many functions for ranchers.

Approximately 95 percent of the land of the Rio Grande Plains is infested with brush, Dr. Joe Schuster, head of Texas A&M University's Range Science Department told field day visitors. He described the department's statewide range management program. "Our object is to get people who work with brush problems with the people who operate or own the land, so that solutions can be achieved," he said.

Schuster also emphasized that it is important to fit the brush control system into the overall management program of the ranch.

Wayne Hamilton, business manager of the Chaparroso Ranch, emphasized the detailed planning that should precede a brush control program such as the one undertaken on the ranch. His task was to develop the technical program and to project results into the overall range management program.

"It's important to tailor or fit brush control into the

overall range management program," Hamilton said.

Range Improvement practices are all geared toward improving the quality of living for all persons concerned, Rudy Pederson, range specialist with the Soil Conservation Service, San Angelo, said.

Dudley Campbell, manager of the Chaparroso Ranch and panel moderator, emphasized that operators must follow up their brush control work--whether chemical or mechanical--with wise management decisions.

"Look at the cost of improving your own ranch. If you overstock your country, it is only a matter of time until you find yourself in a bind because of dry and droughty conditions. Don't overstock; let the plants grow and reseed and increase in vigor," Campbell advised.

Interest in brush control has been greatly increased this year by the current screw-worm epidemic, ranchers also emphasized.

"I'm having a lot more brush taken out this season than I had originally planned, just so that it will be easier to check the cattle for screw-worms," Tommy Halff, a Pearsall rancher who terms himself "a grass farmer," said.

Another consideration in planning brush control work is how the practice may affect wildlife habitats and hunting, Halff, a panelist on the program, said.

Gene Whitehead, a Hill Country rancher and panelist from Menard, said, "Land owners and operators will have to follow up brush work--it takes the right kind of management or the practice is just wasted."

The economics of various kinds of brush control measures were discussed by Ed Cassin, a rancher at Batesville, and another panelist.

"By improving the land and increasing its carrying capacity, the young stock that were then placed on the land increased in value as they were grown out, and the practice was made to pay

from a strictly dollars and cents point of view," Cassin said.

Six chartered buses took field day visitors on a tour of the 65,000-acre Chaparroso Ranch during the morn-

ing where discussions about various types of range improvement work were presented at six tour stops.

Visitors observed various ranch improvement practices and saw a feedlot facility

that fattens out 9,000 animals annually. They observed irrigated areas where Coastal bermuda hay and fubbelgrass seed are produced and harvested, and corn ensilage is grown for the feedlots.

Additionally, visitors saw brush-infested rangelands that

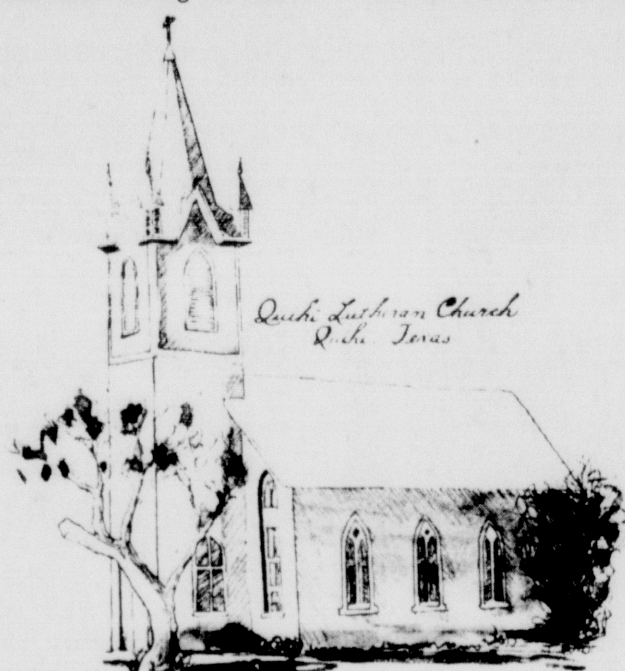

had been converted to buffelgrass as seed production; various brush control and treatment practices, and wildlife habitats that had been programmed into the Chaparroso's overall management system.

Highlights of research developments seen on the

tour were a specially designed grass seeder, a hydraulic assisted tree grubber, and a newly designed ultra low volume ground sprayer for herbicides.

The Field Day was sponsored by the Texas Agricultural Experiment Station, Texas Agricultural Extension

Service and the Texas A&M Department of Range Science in cooperation with the Chaparroso Ranch, Soil Conservation Service, Brush Control and Range Improvement Association, Soil and Water Conservation Districts, Society for Range Management and private industry.

The awards were presented at the Annual Awards Banquet of the Catholic Committee on Scouting in San Antonio, held Saturday night, November 4.

The awards were presented to Mrs. Elsie Heath and to W. N. "Bill" Saathoff by Father Robert Schmidt, Chaplain of the Catholic Committee on Scouting, at the Dinner-Dance.

The awards were made on the recommendation of Father George Steubben, pastor of Hondo's St. John's Parish. St. John's sponsors local Scout Troop 219.

Judge Bands for yourself

When you go to the Stadium Saturday to watch the Marching Contest, you can judge for yourself the performance of each band as it competes.

If you know the rules, that is. There are a series of required maneuvers and time limits which each band must work into its particular routine. In this way, while all bands are judged on the same actions, they may put those actions together in an endless variety of combinations.

First of all, remember that the bands don't compete against each other. Everyone may win the highest rating (a I on a scale of I to V). They will be judged by Band directors of other regions.

Second, the playing ability and sound quality of the band is like icing on the cake. It's not supposed to be considered in judging the marching drills (but a good-sounding band can't help but impress the judges).

From the first drum-roll, step-off, or fanfare--which ever comes first--bands have no more than eight minutes to perform their routine. But they must stay on the field five minutes at minimum. It costs one rating, either for leaving the field in less than

five or more than eight minutes. The pacing of the routine is one of the Drum Major's biggest responsibilities.

Required maneuvers are as follows:

1. Forward March, or step-off.
2. Halt (while continuing to play).
3. Counter-march, or To the Rear, (while playing).
4. Choice of: Right Oblique and its correction movement; or Left Oblique and its correction movement; or Right or Left Flank and back again; or Column Left or Right. All choices must be done while playing.
5. Start and cease playing, while marching.

Hondo is competing for a third consecutive I-rating in marching, and thus the first step toward a third consecutive Sweepstakes (I-ratings in Marching, Concert, and Sight Reading Competitions).

Pearsall will be competing for its fourth straight I-rating.

But the grand-daddy of all the bands competing Saturday is Fredericksburg, which will try for its 13th Consecutive I-rating, en route to its 13th Consecutive Sweepstakes. That's quite a record.

Range Judging Team

D'Hanis FFA members who placed First in Range Judging competition in D'Hanis are, left to right: Donald McGee, Jim Jackson, Eric Rothe,

Charles Hood, Richard Rothe, Albert Rodriguez, Bobby J. Rothe and instructor Wayne Cheney.

County Agent has cure for mice

When the first winds of winter rattle the northern windows of Hondo's homes, the natural reaction is for residents to spend more time in front of a fireplace, and less time in the back yard.

The same goes for household pests. They, too are in search of a warm place to spend the lean months, out of the rain and in range of stored food.

Mice, for instance, have been invading area homes like the Blitzkrieg. In their search for Lebensraum, they are causing havoc among stored flour sacks, clothes hampers, and cardboard containers.

So numerous are the skittering gray critters that one despairing human has resorted to the Law of the Jungle, shooting them on sight in the living room with a B-B gun. While this is great sport

and good training for hunting season, it is undoubtedly a messy proposition, especially when the wounded prey leaves a bloody trail behind the bookcase.

Far better is the solution put forward by County Agent Glenn Bragg. In his office in the second floor of the Courthouse Annex, he has for sale a guaranteed mouse and rat bait for a non-inflationary price.

The bait has the appearance of fine sawdust (and may actually be sawdust), but it is treated with a chemical which spells quick death to mice and rats. It is safe for use even in the kitchen, and is non-toxic to little sawdust-eating kids, too.

In fact, it need not even be handled. All that is required is that you twist the top of its paper-bag container, then tear a small hole in

the lower corner of the bag. Shake a little poison onto the floor, and set the bag down. It's as simple as that.

Some purists like our gun-wielding acquaintance may lash out at this killjoy method of pest control, but for non-sharshooters and bruised-thumb mousetrap setters, it is an ideal way to eliminate one of the less enjoyable aspects of winter.

D'Hanis FFA takes 1st, 2nd in contest

The D'Hanis FFA Range Judging team placed first in the Revaldina District FFA Land and Range Judging Contest which was held in D'Hanis on October 26. The official team consisted of Eric Rothe, Charles Hood, Bobby J. Rothe and Richard Rothe with Jim Jackson, Albert Rodriguez and Donald McGee being alternate team members.

Eric Rothe was the high point boy of the contest and Charles Hood scored third high.

The Land Judging team from D'Hanis placed second in this division of the contest. The team consisted of Joseph Nester, Douglas Kempf, Ronnie Koch and Alan Huser with Mario Reyes and Jesus Brisenio being alternate team members.

Joseph Nester was the high point boy of the Land Judging contest.

The Revaldina District FFA would like to extend

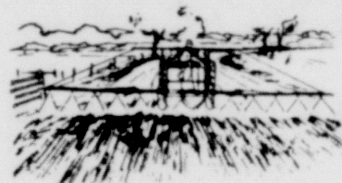

thanks to the Medina Valley Soil Conservation District

men who selected the sites and conducted the contest.

Empty stocking needs donations

Donations for the Hondo Empty Stocking are so slow this year we can make no plans at all. Maybe everyone is waiting until after Thanksgiving but this gives us such a little time, we have to work night and day.

The Walter A. Breidenbachs of 719 E. Shelton Ave., Kingsville, have again remembered Hondo Empty Stocking with their donation. In addition to them we have had donations from Methodist Weslyn Guild, Mrs. E. W. Brucks, Anonymous, Paul Rely Family and Mr. and

Mrs. Albert Saathoff. St. John's Altar Society called to tell us they will provide us with canned food donations.

Our stocking is very empty. Won't you help us to help those who will have no Christmas unless provided by this committee?

The Hondo Volunteer Fire Department received a check for \$75.00 recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Myrlin Balzer, Rt. 1, Box 35A, Dunlay.

The money will be used for their loss prevention program.

28-AA Action

This is the week that will provide the answers to all the questions about who should lead District 28-AA into the playoffs.

It's all come down to Pearsall and Devine, and the two will meet tomorrow at Warhorse Stadium to settle the issue.

Four other teams will play for the fun of it--Carrizo Springs played without an open date, and finished their season last week with a 35-0 loss to Devine.

Speaking of Devine, they are still undefeated, untied, and unable to see any way of not winning district this year. They will most assuredly give the Mavs a warm welcome to their home grounds.

The Mavericks have only one bight on their record, stemming from that Home-

coming Surprise Party the Owls threw last Friday. However, it didn't matter all that much. Aside from wounding their pride it did nothing to knock the Mavericks out of contention for the crown.

Elsewhere, Medina Valley jumped on Dilley 49-13 over in Deutschland. The Wolves will entertain Hondo tomorrow for the season finale. A win by Dilley would give them an identical 3-8 district record with the Owls. The Owls, now tied at 3-2 with Medina Valley, would probably stay tied for third with a victory tomorrow.

Cotulla, the team that managed a tie with cellar-mate Carrizo Springs, stands at 0-4-1 so far. Their prospects for advancement aren't good as Medina Valley visits Friday night.

Preview

Dilley Wolves

Dilley is a city about 15 miles south of Pearsall; just short of where the highway leaves all civilization on the way to Laredo.

It is populated by citizens who turn up all over the globe when you least expect to see them. Dilley-ites, or ex-Dilley-ites can be found in every city in South Texas. Probably even in Hondo.

Dilley is also populated by a ghost.

The apparition is, as legend has it, the spirit of a young man who died while playing football for the Dilley Wolves some years ago. He can still be seen occasionally on the football field, a ghostly competitor in a tattered Dilley uniform.

Ghosts to the contrary, the Dilley Wolves are a surprisingly strong football team. In this, their first season as a 2-A team, Dilley's Wolves have amassed a respectable 2-3 record in district play. Winding up the year on a victory would give them a balanced record and the satisfaction of not only beating the Owls, but tying them in the standings. Last fall, as a Class A team, Dilley was 8-2 for the season.

The Wolves lost heavily in graduation, mainly seven offensive and nine defensive starters. But they have many talented newcomers who have performed well this season, and spell trouble for next year's foes.

Led by Quarterback Gib Wharton, the Wolves have a

potent running attack which includes the Dilley version of the Houston Veer Option series.

They run from a split backfield, with slotman Nandy Rodriguez an important part of the running game. Dilley is not known for its passing, preferring to keep the ball on the ground.

As for defense, Dilley prefers the 5-2 formation, as did Pearsall.

Other starters for the Wolves include John Moor (44), Noe Garcia (50), Ralph Carpineteyro (53), Mario Lozano (61), Raul Lozano (62), Sam Brown (78), Quirino Gutierrez (80), and Frank Nicholson (88).

Cowboys, Warhorses retain ratings

The Devine Warhorses and D'Hanis Cowboys still retained their rankings in the weekly Associated Press ratings.

The Warhorses remain the State's number seven ranked 2-A team with a ten-point lead in eighth placed Rosebud-Lott and trailing sixth place Tomball by just eleven points.

The Cowboys are ranked seven in Class "B" ratings this week just two points ahead of

eight placed Runge. Uvalde continues as the State's top rated 3-A team followed by Brenham.

San Antonio Lee is still rated tops in 4-A with Chiles the State's top 2-A team followed by defending champion Jacksboro. Mason has replaced Sonora as the top 1-A team after upsetting Sonora last week and rule continues as the Class "B" leader.

Hunt safely this season

AUSTIN--The "in" color for the hunting season is hunter's fluorescent orange, according to Texas Parks and Wildlife Department officials.

A matching orange cap and vest is more than just fashionable. It will help hunters prevent what is considered a sartorial faux pas in the hunting game -- bullet holes.

Parks and Wildlife Department officials point out that fluorescent orange is probably one of the most unnatural colors one could bring into a forest and that's a big plus in its favor.

There is no mistaking an orange vest coming through the woods for anything but man, so there is less chance of getting shot by someone who is a little too anxious to bring home a trophy.

Here are a few more safety tips from the Texas Parks and Wildlife Department which should help hunters enjoy open seasons for years to come.

-- Make sure of your target. Never shoot at something you can't see. Know where your bullet is going if you miss.

-- Carry only unloaded firearms in a vehicle. Keep the actions open and the firearms in a carrying case.

-- Take a little time when crossing fences. Lay your firearm flat on the ground on the other side of the fence and then crawl through.

-- A firearm should never be used as a club. Wounded game should be finished off with another bullet or with a handy stick or rock.

-- Use the right ammunition for your firearm. Using the wrong size shell is inviting disaster.

Harmon Pro Forecast

DALLAS 27 PHILADELPHIA .. 6

On paper, it's a mis-match ... in earlier type 'mis-match', Eagles upset Chiefs. However, Cowboys should dominate as they did in season opener when they won, 28-6.

MIAMI 31 N.Y. JETS 23
Head-to-head AFC Eastern Division battle that will almost extinguish last hope for Jets in '72 title race. Dolphins beat New York by 10 points six Sundays ago.

N.Y. GIANTS 24 ST. LOUIS 14
In earlier scrap this season, Cards played good first half, but Giants' better second half won the game by six points. New York favored to win again.

MINNESOTA 17 LOS ANGELES .. 13
Scoring should be at a premium between these defense-conscious teams. First Viking visit to Ram-country in many moons. With tongue in cheek, Minnesota by four.

BUFFALO 30 N. ENGLAND .. 17
Bills won last meeting, blasting Patriots, 38-14. Unless Plunkett, Vataha, Garrett, and crew really come alive, could be repeat performance.

DETROIT 30 N. ORLEANS ... 13
Lions' air and ground attack should roll in high gear with Greg Landry leading both charges. Saints' Archie Manning gets more rough treatment from NFC Central Division.

GREEN BAY 26 HOUSTON 10
"Black and Blue" Division race so close, Packers can't afford to look beyond Oilers to Redskins next week. Houston 16-point underdogs, but Pack could have Pastorini-problems.

CINCINNATI 20 BALTIMORE 14
Have a hunch that Bengals' kicker Horst Muhlmann just might be key to winning what could be close game. Colts going nowhere, but trying ... Cincinnati needs win badly.

Hondo Anvil Herald, Thurs. Nov. 16, 1972, Pg 13

KANSAS CITY 27 SAN DIEGO ... 20

KC won first game from Chargers 3 weeks ago in this AFC West match-up. Ed Podolak's running big plus for Chiefs ... John Hadl's bombs keep Chargers always within range.

PITTSBURGH 23 CLEVELAND 10
AFC Central Division race is 3-team affair ... Browns' loss here would make recovery difficult. Chuck Noll has Steelers in first big title fight since 1947.

Monday, November 20
WASHINGTON 34 ATLANTA 16
Not sure when Redskins will stumble again, but it won't be in this Monday nighter. Falcons are up and down, so hard to settle on point spread. Skins all the way.

Owls brand Mavs 23-8

The game ended on a penalty Friday night, and Pearsall hoped for an overtime turnover and touchdown to tie the Owl-Maverick score, then 16-8 Hondo. So, they got a replay, and sure enough a touchdown ensued—not for the Mavericks, but for the Owls to make the final-final score 23-8.

The game mattered little

to the Mavs, anyway. To win district, they must beat Devine tomorrow night. With the Hondo loss, a victory over Devine will give them a tie for the crown, and they would represent the district in the playoffs.

Hondo took the lead near the middle of the opening quarter as Tony Hackebell

capped off a drive from mid-field with a one-yard plunge. McAnelly's kick was straight, and the Blue led 7-0.

Just as the second stanza opened, Hondo's drive sputtered on the Maverick 17, but Gene McAnelly salvaged a field goal to make it 10-0 with 11:14 in the half.

The Mavs were determined to get on the board, however. Their jarring tackles shook the ball loose no fewer than six times during the night; but incredibly, all but one were recovered by Owl players.

Their score occurred with 5:32 left in the first half, as quarterback Steve Wilson sneaked in from two yards out, following a 54-yard drive. The two-point conversion try was good, and the ball game was 10-8 at the halftime break.

In the second half, defense was the key as Gary Zinsmeyer grabbed a Maverick pass to set the Owls to work on the Pearsall 45. From there, they drove in to score, behind the running of Keith Ligon and Gene McAnelly, subbing for the injured Hackebell.

The final 13 yards came on a Brian Finger to Ray Garcia pass. The point-after

was no good, and Hondo took a 16-8 lead.

The intermittent mist and fierce defensive play kept both teams off the board until the closing minutes of play.

Taking over on a fourth down incompleteness by Wilson at their own 32, the Owls put together a final drive, which was stymied at the Pearsall 16 as the last second

ticked off.

But a penalty was revealed on the final play, and the Owls were allowed one more chance to score from the 10. Keith Ligon did the honors on borrowed time, with the kick and the Owls took home a 23-8 victory.

Ligon carried 34 times during the long evening, amassing 183 yards for the Blue.

D'Hanis-Rocksprings title tilt Saturday

Saturday night is the grand finale of a two-game district season for the D'Hanis Cowboys. With a 6-6 tie two weeks ago at Medina, the Cowboys are still strong contenders for the title of District 14-B.

The game will pit the Cowboys against the Rocksprings Angoras, at 8 p.m. Saturday in D'Hanis.

The Angoras opened their District season last Friday night in grand style, defeating Medina 22-6.

With a victory over Rocksprings, D'Hanis could become outright champions in the district. A loss, of course, would eliminate the Cowboys and put the Angoras firmly at the top. Another tie would still give Rocksprings the dis-

trict championship. The winner of the D'Hanis-Rocksprings tilt will advance to the playoffs against the winner of District 13-B, probably either Chilton or Temple Academy.

This year for the first time, Class B schools will have the opportunity to compete in State championship playoffs. In the past, the road for a Class B school has ended with a Regional championship, and no provision was made to determine the top "B" school in Texas.

Hopefully, the Cowboys will earn a chance Saturday night to become that first Class B champion. The road begins for all teams on the district level, and Saturday's battle should be a real show.

USC-UCLA picked as game of week; to be televised

The big confrontation of the upcoming weekend—Southern California versus U.C.L.A.—will not only determine the championship of the Pacific 8 Conference and the host team in the Rose Bowl.

It will also be a big factor in naming the eventual national champion.

By whipping the Bruins, the Trojans will take a giant step toward that title—with one game left against Notre Dame. However, if U.C.L.A. should upset Southern Cal, it could conceivably push Nebraska and Oklahoma into the same #1 and #2 positions they held last year at this time. This would set the stage for even bigger marbles—the national championship.

when they meet on Thanksgiving Day. However, Alabama might have to play dead

for all this to happen!

So, how's it all going to come out. Well, the Harmon crystal ball (a bit tarnished) says that the Trojans of Southern Cal will beat U.C.L.A. and the other Harmon by 16 points . . . and take home all the prizes.

In their final tune-up contests, Nebraska and Oklahoma take on Kansas State and Kansas. And they will be just that—tune-ups—because the point spreads are quite enormous: the Cornhuskers are favored by 49, the Sooners will win by 38.

That big crimson "wheel" all alone atop the Southeast Conference standings is Alabama, still undefeated and untied. The Tide moves outside the conference Saturday to take on strong Virginia

Tech. And they'll whip the Gobblers by 25 points.

Michigan and once-beaten Ohio State take one last fling before settling down to the business of deciding the Big Ten championship and determining who goes to the Rose Bowl. The Wolverines have the tougher assignment, but they should beat Purdue by 15 points. The Buckeyes are 21 points stronger than Northwestern.

Auburn and Tennessee, two outstanding Southeast Conference teams, have been in our Top Twenty from the beginning of the season. The Tigers are favored over Georgia, always a toughie, by just 4 points, and Tennessee rates 11 points over upset-minded Mississippi.

Miami will challenge Notre Dame Saturday, and T.C.U. will try to throw up a roadblock in front of Texas in the Southwest Conference. The Irish have never found the Hurricanes to be a breeze, and they won't this time . . . Notre Dame will win by 15. Texas will trip T.C.U. by 21, and take another step toward the Cotton Bowl.

LOOK FOR RED JACKET WINNERS in your area

Farmers whose yield of Pioneer brand hybrids equaled or exceeded their county average will be wearing bright red jackets awarded by the local Pioneer dealer and Pioneer Hi-Bred Company.

When you see a man with a RED JACKET displaying the Pioneer symbol, you'll know that he combined good crop management and lots of hard work to earn the jacket he's wearing.
